Wilderness Lodges

Pacuare Lodge

# Pacuare Lodge

## Costa Rica's Ultimate Rainforest Experience!

Pacuare Lodge is a luxury eco-lodge with only 20 suites situated on the banks of one of the most scenic white-water wonders of the world, the Pacuare River. This unparalleled location, with its vibrant nature, offers a scenic backdrop to adventure, romance and wellness.

Simple, and yet sophisticated, the indigenous Cabécar-inspired architecture, pristine rainforest, farm-to-table exquisite cuisine, and luxurious, well-appointed accommodations come together to offer an experience like no other.

# Böëna Wilderness Lodges

**Pacuare Lodge** is the birthplace of **Böëna Wilderness Lodges**, a collection of four outstanding hotels in some of the wildest parts of Costa Rica. Leave the car behind and arrive in style by rafting Costa Rica's best whitewater, and discover a fabulous lodge that is delightfully remote. All of Böëna's hotels are located in pristine natural surroundings, including **Tortuga Lodge**, along the other-worldly canals of Tortuguero; **Monteverde Lodge**, in the cool and misty cloud forest; and **Lapa Rios**, overlooking the Pacific in Costa Rica's most biodiverse region.

## Pacuare River

Experience the whitewater magic as you discover the excitement of thrilling rapids coursing through rugged canyons and verdant tropical rainforests on one of the most exotic and scenic rivers in the world. This adrenaline-pumping excursion takes you through class-II, -III and -IV rapids, past spectacular landscapes, under tumbling cascades, and from Turrialba all the way to the town of Siquirres. Depending on the river's water level, tour is approximately 1 ½ hours arriving to the Lodge and 3 ½ hours departing from the Lodge.

**I have never been white water rafting before, do I need any experience? Is it safe?**

Our tours are designed to be fun and safe for individuals in reasonably good shape and require no special skills or abilities. Many of our guests are first time rafters who have thoroughly enjoyed their experience with us. Safety is our primary concern, and we spare no effort to provide the highest quality, most enjoyable experience possible. A fully stocked first aid kit is available at all times during your trip. Our bilingual guides are some of the best in the field, highly experienced, and certified in first aid, CPR and swiftwater rescue training.

# Pacuare River

## How to get there?

Pacuare Lodge's Adventure Package includes early morning pick-up in San José (06:00am) at set locations. The adventure begins as we travel through Cartago, Costa Rica's old capital, through a quiltwork of croplands that cling to volcanic slopes, and towards the town of Turrialba. The 3.5 hour trip includes a stop for breakfast.

There are no roads to Pacuare Lodge, so we use the river. The majority of our guests arrive at our lodge after rafting on one of the world's top whitewater rivers. If you're not comfortable rafting into the lodge, don't worry. You can get there by land, too. The arrival by ground combines a 4x4 transportation and crossing the river on a hanging gondola that carries you above the river via a 100-meter cable running from riverbank to riverbank. At the other side an electric golf cart will be waiting for you to take you to the hotel's lobby where a refreshing cocktail awaits your arrival.

### **Who should come to Pacuare Lodge?**

Pacuare Lodge is the perfect destination for a romantic getaway or family holiday, with great variety of adventurous and cultural experiences.

Given our remote location and nature of our activities we have a minimum age of 7 to stay at the Lodge. The rafting tour requires a minimum age of 12. We do offer ground transportation to and from the lodge for guests that wish to bring children ages 7 to 11.

### **When is the best time to come to the Pacuare Lodge?**

Costa Rica attracts visitors all year round but the peak season is from December to April (Dry Season) and June through August (which is usually rainy in the afternoons). The river levels are higher during the rainy season (particularly September – November), which makes for a rollicking river ride but in contrast to Costa Rica's Pacific Coast, August, September and October are the driest months in the Caribbean side where Pacuare Lodge is located. You will find more availability at our lodge in late April through early June and September through late November.

### **What is the recommended length of stay at the Pacuare Jungle Lodge?**

We have had guests stay as long as a week. A minimum of three nights is recommended to truly enjoy the destination. Our Adventure Packages includes 8 unique onsite experiences during your stay. In addition to the onsite experience, guest can expect a unique dining experience and a spa where we harness the rainforest's natural energy to create a healing environment unlike any other.

## What is included?

Every Pacuare Lodge Adventure Includes:

- Pick-up in San José and transfer to the Pacuare Lodge at scheduled times (choose arrival via exciting white-water rafting trip or 4x4 vehicle)
- Accommodation in one of our fabulous Suites,
- Variety of onsite experiences included during your stay
- Daily a la carte breakfast, lunch & dinner, afternoon coffee with delicious homemade pastry
- Rafting out of the lodge (ground transfer also available) and transfer back to San José with guide (scheduled times).

## What is the weather like?

In Costa Rica's tropical rainforest it is best to be prepared for all kinds of weather. In general, expect most mornings to be sunny and clear followed by rain showers in the afternoon. During the day the weather will be hot and humid with temperatures in the mid to upper 80's (28 – 30 C). Evenings are usually clear and occasionally may even require the use of a light jacket.

# Culinary Experience

Our commitment to providing our guests with the highest caliber service and accommodations extends wholeheartedly to our cuisine. At Nairi Awari Restaurant, foodies are continually surprised by the exceptional quality, freshness, and flavor of each and every dish.

The ingredients we use are locally sourced, organic, and of exceptional grade. In fact, most of our fruits, vegetables, tubers, and herbs are grown on our own organic farm, Las Nubes de Tuis, which is located on the fertile mountain slopes of the Turrialba Volcano nearby. We also raise free-range chickens and goats, providing the lodge with fresh, conscientiously harvested meat, eggs, yogurt, and delicious cheeses. Our world-class menu changes with the seasons and ensures each delectable mouthful is prepared with the finest and freshest products available.

Plant based Menu alternatives are available. [Learn more!](#)

## **Sustainability at Pacuare Lodge**

Sustainability is the reason Böëna exists. Since it was founded, our objective has been to contribute to the conservation of the some of the most biodiverse places on the planet. Learn more about Pacuare Lodge's sustainability practices in conservation, culture, commerce, and community. [Learn more!](#)
